OUR FOOD

We work closely with our North West suppliers to ensure we are providing the best quality produce at the best prices.

Our team can offer advice and guidance to support meeting the dietary needs of pupils and any specific dietary requirements should be discussed directly with the school.

Our menus are updated every term and meet all School Food Standard requirements.

They are designed to be tasty, fun, adventurous and to broaden childrens' food experience.

Meals are freshly cooked each day in the school kitchen and service is focussed on the needs of the pupils.

We have no portion control, which means that pupils can freely choose what to have for dinner, giving them ownership.
